Letter of Intent

DEC 09 2011

City of Johns Creek
Planning & Zoning

To the City of Johns Creek;

The purpose of this zoning petition is to have Condition 3d removed from the zoning conditions for the Willow Run Subdivision. This condition limits us to a single, unlit entrance sign no more that four feet tall.

Our wish is to build entrance signs at each of the three entrances, with the design, lighting and locations in keeping with the current Johns Creek sign ordinances. Our proposed signs would enhance the appearance of our subdivision and are consistent with the character of the neighborhood.

Sincerely yours,

Michael Feierberg 12/9/2011

Michael Feierberg, President
Willow Run Recreation Association
