To: City of Johns Creek Planning and Zoning Division

Good News Atlanta Church at 11000 Rogers Circle is requesting a use permit to build a church campus as proposed in the enclosed site plan that combines the existing property and another property bordering on its northwest boundary line, totaling 8.02 acres.

The proposed site plan includes existing and new building structures, totaling 48,700 SF. Some of the existing building structures will need renovation work. Not shown in the site plan but there is also a plan to rehabilitate an old swimming pool near the residential structure.

Because of the funding, the campus will be developed over several years.

Sincerely,

A handwritten signature in black ink, appearing to read "Justin Park". The signature is fluid and cursive, with the first name "Justin" and last name "Park" clearly distinguishable.
