ZONING IMPACT ANALYSIS FORM

Analyze the impact of the proposed rezoning and provide a written point-by-point response to the following questions:

1. Does the zoning proposal permit a use that is suitable in view of the use and development of adjacent and nearby property?
See Letter of Intent.

2. Does the zoning proposal adversely affect the existing use or usability of adjacent or nearby property?
See Letter of Intent.

3. Does the property to be rezoned have a reasonable economic use as currently zoned?
See Letter of Intent.

4. Will the zoning proposal result in a use that could cause an excessive or burdensome use of existing streets, transportation facilities, utilities or schools?
See Letter of Intent.

5. Is the zoning proposal in conformity with the policies and intent of the land use plan?
See Letter of Intent.

6. Are there existing or changing conditions that affect the use and development of the property which support either approval or denial of the zoning proposal?
See Letter of Intent.

7. Does the zoning proposal permit a use that can be considered environmentally adverse to the natural resources, environment and citizens of the City of Johns Creek?
See Letter of Intent.

I. WILDLIFE HABITATS	6

1. CONFORMANCE WITH THE COMPREHENSIVE PLAN

The site consists of approximately 6.74 acres, and is located on the north side of Hospital Parkway. Based on information obtained from the Johns Creek GIS maps, Fulton County GIS maps, records, and visual observations, the surrounding properties are zoned MIX and consists of a shopping center to the north and east and an office building to the west.

According to the Future Land Use Map in the City of Johns Creek Comprehensive Plan 2018, this site is part of the Tech Park Community Area. This property is specifically designated for Commercial or Multi-family residential uses. The proposed development is a residential development with single-family attached units and conforms to the appropriate uses and scales established in the City of Johns Creek Comprehensive Plan 2018.

2. ENVIRONMENTAL IMPACTS OF THE PROPOSED PROJECT

a. WETLANDS

Upon review of the National Wetland Inventory Map, wetlands do not exist on-site. However, field reconnaissance revealed a stream bed and bank wetlands and very small pockets of wetlands along the buffered creek on the northern portion of the site. The wetland areas were analyzed to determine the impacts in conjunction with the proposed development. The development will not disturb these wetland areas.

b. FLOODPLAIN

The Fulton County GIS Maps and the FEMA flood insurance rate maps were used to determine that the site does not lie within a 100-year Zone flood plain. The proposed development is not expected to negatively impact the flood plain or adjacent properties.

c. STREAMS/ STREAM BUFFERS

The USGS Quadrangle Topographic map for Duluth, Georgia was used to determine that blue line streams do not exist on the site. Field reconnaissance revealed the presence of a perennial stream located along the northern portion of the property. A 50' undisturbed buffer and an

additional 25' impervious setback has been provided along the water course. All buffered areas will remain undisturbed.

d. TOPOGRAPHY

The site is currently undeveloped and consists mainly of woodlands. There are no areas of the site that have slopes in excess of 25%. The proposed development will adhere to all applicable grading standards.

e. VEGETATION

The site is currently undeveloped and consists mainly of undeveloped woodlands. A portion of the site in the south east corner was previously cleared as part of the adjacent shopping center construction. Existing vegetation on the majority of the site consists of a natural mix of mature hardwoods and pine trees. There are specimen trees located on the site, most of which are located within protected buffer zones. The proposed development will impact the trees that exist on the site. However, the project will be required to comply with the City of Johns Creek Tree Preservation Ordinance, which provides mitigation for loss of tree canopy.

f. WILDLIFE SPECIES

Several protected species are known to exist in Fulton County. These species are:

Bird – The Bald Eagle

Invertebrates – Gulf moccasinshell mussel and Shiny-rayed pocketbook mussel

Fish – Bluestripe shiner, Cherokee darter, and Highscale shiner

Plants – Bay star-vine and Piedmont barren strawberry

Based on field reconnaissance, there is no evidence of protected and/ or endangered species located on this parcel of land.

g. ARCHEOLOGICAL/ HISTORICAL SITES

Based on information obtained from the Fulton County Department of Environment and Community Development, the site is not listed on the Fulton County Historic Resources Survey Map as having historical significance. No buildings on this site appear on the National Register of Historic Places.

3. **PROJECT IMPLEMENTATION MEASURES**

a. ENVIRONMENTALLY SENSITIVE AREAS

All of the environmentally sensitive areas on this site lie within protected stream buffers and will not be impacted. There are no river corridors. This site does not lie within a 100-year Zone X flood plain as defined by FEMA. The proposed development is not expected to negatively impact the adjacent properties. Therefore, no negative impact is expected. All applicable grading standards will be adhered to in these areas.

b. WATER QUALITY

The design considerations used for the stormwater control on the proposed site, as approved by the EPD, will treat the runoff from the site. Water quality will be addressed through the construction of multiple water quality and stormwater detention facilities throughout the site, as required by the City of Johns Creek. This project will be required to comply with the Georgia Stormwater Management Manual, which regulates runoff reduction, water quality, TSS removal, channel protection, and stormwater detention for developments of this nature.

c. EXISTING INFRASTRUCTURE

The existing site consists of undeveloped woodlands. Utilities from adjacent sites encroach slightly into the perimeter areas of the property. No other infrastructure exists on the site.

d. ARCHAEOLOGICAL/ HISTORICAL AREAS

This site does not contain any historically/ archaeologically sensitive areas. No sensitive areas are located within the area of potential impact.

e. ENVIRONMENTALLY STRESSED COMMUNITIES

The subject site is not located within an environmentally stressed community.

f. GREEN SPACE AND OPEN SPACE

All buffered areas on the site will remain undisturbed. As required by the Johns Creek development code, open space areas will be provided throughout the site to enhance and beautify the neighborhood.

g. NOISE AND LIGHTING

The potential for noise and lighting impact resulting from the proposed development is minor. The proposed development is a quiet, residential community. No sensitive areas are located within the area of potential impact.

h. PROTECTION OF PARKS AND REC GREEN SPACE

No parks or recreational areas will be impacted by the proposed development.

i. WILDLIFE HABITATS

The most significant habitats for wildlife on this site exist in and around the stream on the northern portion of the site. This stream will be protected by undisturbed buffers. No sensitive areas are located within the area of potential impact.

PUBLIC PARTICIPATION PLAN

1. The City of Johns Creek will notify all property owners within a quarter mile of the site. What other groups do you intend to contact?

We will reach out to any community groups in proximity for the subject property.

2. How do plan to contact any interested parties, either before making application or after the city Public Participation Meeting, regarding the rezoning/use permit application?

We will make an effort to identify any community groups in the area as well as reaching out to individuals that attend our public participation meeting

3. In addition to the City of Johns Creek Public Participation Meeting, do you plan to provide any other opportunities for discussion with interested parties before the PC and M&CC hearings?

We will meet with community groups, if requested.

4. What is your schedule for completing the Public Participation Plan?

Prior to the Planning Commission meeting.

PROPERTY OWNER'S CERTIFICATION

I do solemnly swear and attest, subject to criminal penalties for false swearing, that I am the legal owner, as reflected in the records of Fulton County, Georgia, of the property identified below, which is the subject of the attached Land Use Petition before the City of Johns Creek, Georgia. As the legal owner of record of the subject property, I hereby authorize the individual named below to act as the applicant in the pursuit of the Application for Rezoning, Use Permit, & Concurrent Variance in request of the items indicated below.

I, EJC6, LLC, authorize, Toll Brothers, Inc.,
(Property Owner) (Applicant)
to file for RZ and CV, at 6350 Hospital Parkway
(RZ, SUP, CV) (Address)
on this date December 29, 20 23
(Month) (Day)

- I understand that no application or reapplication affecting the same land shall be acted upon within 12 months from the date of last action by the City Council.
- I understand that failure to supply all required information (per the relevant Applicant Checklists and requirements of the Johns Creek Zoning Ordinance) will result in REJECTION OF THE APPLICATION.
- I understand that preliminary approval of my design plan does not authorize final approval of my zoning or signage request. I agree to arrange sign permitting separately, after approval is obtained.
- I understand that representation associated with this application on behalf of the property owner, project coordinator, potential property owner, agent or such other representative shall be binding.
